#### GENERAL ACCOMMODATION

The list here shows some of the options we are currently aware of. Be warned that some hotels charge a supplement if a pet is in the room and some might not allow pets. You may want to find this out before booking. There are a lot of B&B's in North Berwick. High season here is Easter, June to September and Xmas to New Year.

Some clients have used AirBnB (https://www.airbnb.co.uk/s/North-Berwick--United-Kingdom) to locate alternative accommodation. This can often be much cheaper but ensure pets are allowed when booking. Any accommodation away from the beach tends to be much cheaper.
